

Homeowners' Association, Inc.

Deer Policy Statement

Occasionally, The Pinery Homeowner's Association, Inc. (PHA) receives comments or questions from residents regarding the local deer population. Please understand that, as a homeowners' association, the PHA is not responsible for managing the local deer population. The Colorado Department of Parks and Wildlife is charged by statute to protect, preserve, enhance, and manage wildlife for the use, benefit and enjoyment of the people of this state and its visitors.

As a reminder to residents of The Pinery, it is illegal in Colorado to intentionally place or distribute feed, salt blocks or other attractants for deer. If the PHA receives complaints about residents feeding deer, these will be referred to the CPW for legal action. Hunting of any sort is not allowed in The Pinery.
