

# 2022 PHA Candidates

## Executive Board

### Meagan Kentfield

Meagan is an East Coast transplant, having lived most of her life in Maryland. Her work moved her to Colorado 6.5 years ago and she immediately fell in love with The Pinery and all of its beauty! Meagan and her husband, Jason, live here with their 3 adult children and 2 cats. In their spare time they enjoy camping and encouraging their children to come along and participate in "Forced Family Fun".

Meagan has 34+ years' experience working for the government in a myriad of leadership positions and support roles. She has a crazy passion for policy and regulations. She has a Bachelor's degree in Business and a Master's in Human Resources Management. Additionally, she recently obtained her Project Management Professional (PMP) certification, which helps her stay organized at work and at home. She has a gift for being extremely detail oriented, which helps with problem solving and resolving issues.

Advocating for positive change and helping others is very important to Meagan in both her personal and professional life. Serving the community where she lives has been a long held desire and she has been searching for ways to give back to her adopted hometown and neighborhood. Meagan feels that being a member of The Pinery Executive Board would be a win/win for all and she looks forward to having the opportunity to work with everyone.

### Sonia Eyre

Sonia and her husband, David fell in love with The Pinery the very first time their real estate agent drove into The Pinery! Soon after moving into their home in 1992, she became involved in the Pinery HOA, and in 1995 was elected to the PHA board. At that time, the PHA board was responsible for the tasks of today's CSC and the executive board. 5 of the 6 years on the board, she served as president, supporting the community and the day-to-day operations of the PHA. During her time on the board, many land development changes were happening in areas surrounding the Pinery. She was able to put her Community/Urban Planning professional experience to good work! She continued to represent the PHA board, as an ad hoc committee member, and work with Douglas County Community Planning and Development on projects that impacted our community.

The Pinery has been the only home that their two kids have known! Once the kids were in school, she focused her time and energy on their schools and extracurricular activities. She spent the 14 years volunteering for schools in The Pinery, serving as PTO president for 6 years, in addition to School Accountability Committees for 12 years. Additionally, Sonia was the organizational leader of The Rising Stars 4H Club for 10 years, and the parent manager for her daughter's dance team. The kids are now grown, she finds that she can dedicate more time to The Pinery community. She thinks it's safe to say that volunteering

is a way of life for her and doesn't see that changing any time soon! She looks forward the opportunity to serve on The Pinery Executive Board, bringing a knowledge of our community workings to the board and continue to make our community a wonderful place to live!

## Community Services Committee (CSC)

### Deb Cain (incumbent)

Deb (and her husband, Michael) moved to the Pinery in 2016, after living on a five acre mini-ranch on the western slope for 30 years. They decided to move to the front range after much pleading from their adult children (who were tired of driving over two mountain passes to visit). Mike and Deb chose the Pinery because of its beautiful, wilderness-type setting, and (of course) proximity to their kids and they are glad they did! They are thrilled that they found their "forever community" and can't imagine living anywhere else!

Deb is a retired middle school counselor and has always been very involved with her professional and personal communities. She loves the welcoming atmosphere of the Pinery and would like to continue to be a part of maintaining that sense of community, as well as creating new traditions for members of the Pinery family.

When the opportunity arose to serve on the Community Services Committee, it seemed like the perfect way for Deb to get involved. She hopes that her life experiences and love of the Pinery will convince homeowners to choose her to continue to serve this wonderful place that she calls home.
